

3 Secret Tactics I Use To Profit *Immediately* From PLR PRODUCTS

Thanks For Downloading This Special Report!

Hi, it's Aurelius Tjin from UnstoppablePLR.com.

You've just downloaded my special report on how I make money from PLR products and how YOU can too.

These tactics I'm about to share with you are quick and easy to setup, and with some basic knowledge that you already have, you can get one of these tactics up and running and start profiting.

It's shocking but most people who buy PLR products don't end up using them, so instead of just producing and providing PLR products, I also want to educate and train my customers, like yourself, on how to start making money from it right away.

These tactics are responsible for generating thousands of dollars for me every single month. They've been proven and it's just a matter of you taking action on it.

So without further ado, here are my 3 top tactics...

1. Create a “Micro Membership” Site.

A micro membership site is a phrase I coined which is basically a membership site but , instead, you’re using the power of your autoresponder as your delivery mechanism.

Why not provide a PLR product a month for \$10 per month? Grab the [Never Say Later PLR](#) if you don’t have a PLR product already.

To give you an example of the potential, with just 50 members, that’s \$500 in recurring payments every single month.

This business model has made me thousands every month, and took less than a day to set everything up.

Here’s a full step-by-step video tutorial on how you can create your own micro membership site:

2. Use PLR Products as Bonuses

This tactic has increased conversion rates for every single product that I have promoted.

The process is simple. Create a quick bonus page and list all the bonuses that your potential buyer will get.

Here's how I featured mine:

And that's how easy it is!

3. Use The Power of Solo Ads

Think solo ads are dead? Think again.

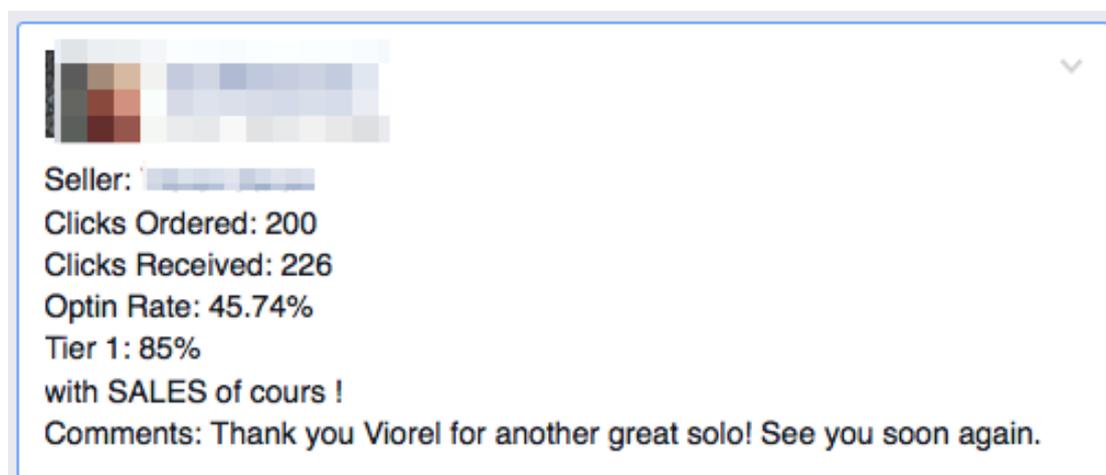

This tactic is a fast and easy way to not only make some quick sales but also to build a list of subscribers.

Here's what to do:

1. Prepare your "Lead Magnet" or opt-in page. If you don't have a lead magnet, make sure to grab my latest PLR – [Never Say Later](#).

A quickstart guide is also provided if you don't know how to set up your opt-in page.

2. Once your lead magnet and opt-in page is up and running, buy a solo ad from a seller. The easiest way is to go to this Facebook Group:
<https://www.facebook.com/groups/SoloAdsTestimonials/>

Above: Sample of a purchaser

The sellers are mainly in the Internet marketing niche.

You'll find solo ad sellers who are, in essence, selling subscribers. Typically, they sell a "click" for \$0.60. You can pay as little as \$50 per 100 clicks. These clicks will basically be converted into subscribers because the visitors still need

to opt-in.

Given that your opt-in page converts at 50%, for 100 clicks, you'll gain approximately 50 subscribers.

You can then promote your PLR product or sell anything else you'd like.

3. Once you've found a potential seller, contact and send them a private message to buy a solo ad from them. You'll need to provide an email promo swipe for them to send to their list. The email swipe is provided inside the [Never Say Later PLR Package as Module #9](#).

They'll usually schedule your mailing within a couple of working days.

So there you have it. 3 of my top tactics for making money from PLR products.
